

## **iiE Advisory Group Recruitment**

### **About iiE**

For the last 12 years, we have been a trusted partner to many organisations to deliver excellent impact alongside value for money, before sustainability was the buzzword it is today. Over the last two years, we have doubled our membership, now working with 230 members across the UK, representing over 40,000 employees combined. We have a compelling offering and an excellent track record of delivery. Working within the environmental charity PECT, we are committed to achieving financial sustainability, reach and impact.

We have great partnerships, strong networks, and an experienced and focused team intent on catalysing positive change. Businesses who have worked with iiE have unlocked excellent resource savings, carbon reduction, and helped to change cultures for the better. We want to see other businesses access these benefits at scale, and without overstretching our resources or the integrity of the accreditation.

The near-term goals of iiE are to

- Grow sustainable revenue streams from our membership, consultancy, and training
- Build the membership in the next two years with a minimum 50% accreditation rate annually
- Enable all members to cut their carbon by 50% or more by 2030, front-loading net zero action to the near term
- Build value through empowerment, accessibility, and awareness

### **Why work with us?**

We are looking for an advisory group that can use their experience to help us to make a significant impact to support a sustainable economy, that does better for people and the environment. We are looking to recruit passionate, highly skilled advisors to help support the growth of iiE through expertise, knowledge, and connections. Involvement in the iiE Advisory Group is voluntary, however will be critical to helping us achieve our mission to enable rapid, impactful environmental action in businesses. The iiE team needs support and external guidance to help maintain agility and integrity in a rapidly growing sustainability marketplace.

Your role in the Advisory Group will bring new energy to maximise our impact. You'll be key to ensuring iiE is carrying out its mission to help organisations make a positive impact on the planet through environmental management and accreditation.
