

iiE Awards Sponsor Pack 2025

What is iiE?

Investors in the Environment (iiE) is a not-for-profit environmental accreditation scheme designed to help organisations save time and money, improve their environmental impact, and get recognition for their progress.

Organisations achieve tiered accreditation through four key areas of sustainable development: Responsible Leadership & Governance, Carbon Management, Nature & Natural Resources, and Pollution & Waste Reduction.

Getting started
with **BRONZE**

Developing sustainability
with **SILVER**

Influencing change
with **GREEN**

Our membership

We aim to support members to embed sustainability into the heart of their organisation.

The iiE accreditation is suitable for organisations of all types and sizes – from sole traders through to large multi-site employers - and can support them whether they are starting their journey or preparing to set net zero carbon targets.

Healthcare and
veterinary sector

Professional
services

Local authorities

Academia and
universities

Third sector
